### REALITY

#### FIRST DATES

9PM, SEVEN

In what is officially my new favourite show, we head inside a restaurant where all the diners are on blind dates. Secret cameras capture every embarrassing – and electric – moment as they get to know each other over dinner and drinks. It's equal parts awkward and "awww".

### COMEDY

#### BLACK COMEDY

9PM, ABC

There are moments this sketch comedy, which boasts some of Australia's most talented indigenous actors, makes me genuinely laugh out loud. There are others that either go over my head or make me cringe. But that's part of the point, I guess. *Black Comedy* continues to push boundaries in season two with some new characters alongside returning favourites.

### RENOVATION

#### SELLING HOUSES AUSTRALIA

8.30PM, LIFESTYLE CHANNEL

When you're trying to offload a grand Victorian home in Victoria's beautiful country town of Ballarat, surely it would be snapped up in a heartbeat? Not if it's fitted out like it's 1985 with some major updates to do. *Selling Houses* team to the rescue! Nine seasons in, they've still got the magic touch, but can they get owner Karen the price she's after?
